Had a call with UEC and TCEQ today to discuss the info UEC sent us on July 13. UEC reps included Amir, Harry Anthony, Kinnan Goleman, Craig Holmes, Andy Barrett, and Ben Klein. TCEQ had Brent Wade, Charles Maguire, and others.

Main outcome was that we asked for the data and technical backup for the general summary writeups they gave us. UEC will send to us on disk by the end of the week. We said we could finish review within a week of receiving and meet to discuss the week following that. Mid-August still looks possible for a decision point.

If we get to a point where the revised exemption request appears to be approvable, UEC will submit a modification request to TCEQ. TCEQ would then send a modified program revision/aquifer exemption request to us relatively quickly.
